

How To Host A Clothes Swap

1.

Find A Venue

You can swap clothes anywhere, e.g. your living room, the park, your kids school, the local community centre, at work or in a cafe. The list goes on!

Get Set Up

2.

Start off with some clothes. Invite people to bring clothes or start off with your own. Setting up a rail works best, but if you don't have one, just use what you have.

Your paragraph text

3.

Invite People

Tell your friends and family, make a poster, start a social media account and ask people to spread the word.

Create A System

4.

Will you charge an entry fee? Will you organise a drop-off time? How many items can people donate and take home? What will you accept and not accept?

5.

Reach Out

You are not the first person to want to set up a swap. Get friends to help out at the beginning, then maybe recruit some volunteers. Feel free to reach out to Cork Clothes Swap for guidance.
